# Aster Academy

is a co-educational English medium secondary school which opened its doors in 1983. It is located at a serene environment away from day to day increasing traffic hazards. In order to enhance present challenging global standard education system, Aster Academy has started strengthening relationship with the international schools arena through GSP and it has also started conducting Skills for Adolescence( SFA) classes to produce skilled, self dependent and competent students.

Classrooms at Aster have a low student teacher ratio. All of the students at Aster have managed to pass their SLC examination with flying colors continuously every year.

## Location:

It is located two minutes away from Ringroad.

## Aims & objectives:

- To equip students with the necessary skills that will help them to tackle challenges.
- To create such an environment, in which learning is considered to be fun, rather than an arduous task.
- To foster love for learning.
- To encourage students to be inquisitive.
- To instill in students, sense of world consciousness.

## Teaching methodology

- Our staff includes Montessori trained female teachers who provide nursery and primary students with a nurturing learning environment.
- Trained and experienced teachers ensure that students of all levels are taught with passion and devotion.
- Learning is not confined to the four walls of the classroom. Students at Aster have the opportunity to go on excursions and outings that tie in with their present topic of study. This allows them to experience learning away from textbooks and guides towards a more practical approach.
- Students make use of audio/visual equipments to add to their learning experience.
